Straton, of Harrodsburg, Carl and Lucile Akers, of Lower Lick creek, and the presence of Mr. Thomas Isaac, of Ironton was especially enjoyed.

### WILD BOY.

## Why Have "Nerves"

This is the reason why women have "nerves." When thoughts are cloudy and uncertain, impulses big and the warnings of pain and distress like flying messages throughout the frame, straightway, nine times in ten woman will lay the cause of the trouble to some defect at the point where the brain is connected with the body, a bucket, a bucket of irritability or twitching and uncontrollable nervousness, something must be wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the womanly organs. In nine cases out of ten the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Dr. Pierce, during a long period of practice, found that a prescription made from medicinal extracts of native roots, without the use of alcohol, relieved over 99 percent of such cases. After using this remedy for many years in his private practice, he put it up in form of Dr. Pierce's Favorite Prescription, that would make it easily procurable, and it can be had at any store where medicines are handled.

Mrs. Leta H. Loring, of Zanesville, Ohio, writes: "I had been falling in health for two years, most of the time unable to attend to my household duties. Female weakness was my trouble and I was getting very bad but, thanks to Doctor Pierce's medicines, I am well again. I took only three bottles of 'Favorite Prescription' and used the 'Lotion Tablets.' I have nothing but praise for Doctor Pierce's wonderful medicine."

### TAKE DR. PIERCE'S PLEASANT PELLETS FOR LIVER ILLS.
